

EXPO - CONFERENCE

SMART CITIES of Romania

November 4th, 2020
VIRTUAL EVENT

ORGANIZER

“ The future is here

A successful event ...

... always starts with a good coffee!
Make your own coffee and let's start! ☺
Welcome to the 6th edition of the "Smart Cities of Romania" expo-conference, organized by Smart Cities of Romania CLUSTER. This is the first time the event is LIVE.

We also broadcast live on Youtube & Facebook

Panel

Smart City, the sustainable development of the communities of the future, now and here
MODERATOR
TUDOR MUȘAT, radio and tv Journalist

- Accelerated digitization of the public system. Planning and financing. Priorities
- COVID-19, the decisive step towards robotization? Using robots, drones and IoT infrastructure - the smart city solution for public health?

8:30 - 09:15

We invite you to participate in discussions and visit our virtual exhibition, where you can interact with representatives of the companies and discover their offers. You can also network with all participants invited to the auditorium.
